

Environmental Policy

At Triple A Mine Services Pty Ltd we believe that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance across all of our business activities, and will encourage our business partners and members of the wider community to join us in this effort.

Triple A Mine Services Pty Ltd is committed to:

- Caring for the environment and the prevention of pollution.
- Operating our business to align with the environmental systems required by ISO 14001.
- Abiding by all relevant environmental legislation and applicable requirements.
- Minimising waste, promoting recycling, reducing energy and harmful emissions.
- Working with clients and suppliers to promote positive environmental actions.
- Continually improving our environmental performance by setting objective, actions and targets.
- Communicating our policy within our organisation and to the public.

We will strive to meet the following environmental policy objectives:

- Assess our organisational activities and identify areas where we can minimise impacts.
- Purchase sustainable products wherever feasible.
- Adopt an environmentally sound transport strategy.
- Aim to include environmental and ethical considerations in investment decisions where appropriate.

All people throughout Triple A Mine Services Pty Ltd play a part and are responsible for the environmental aspects of the company and for reducing its impact on the environment.
